

No Limits Token

White Paper – September 2025

1. Introduction

The No Limits Token is a pioneering accessibility-first, charity-driven ERC20 token. Our mission is to make cryptocurrency trading inclusive for visually impaired users, while also supporting communities through a dedicated Charity Wallet. This initiative combines financial accessibility, social impact, and community empowerment to set a new standard in decentralized finance.

2. Vision

Accessibility-first: Building the first crypto experience designed for the visually impaired, including screen-reader friendly UI, voice command support, high-contrast themes, and keyboard-only navigation.

Charity-driven: A 5% Charity Wallet is dedicated to micro-donations and community good, providing transparency and impact on a global scale.

Community-powered: Transparent and decentralized growth strategy with continuous updates shared on DEXTools, DEXScreener, GitHub, and Telegram.
